In Freddy's Editor's
Letter

THIS JUST IN! THE WAITING IS ALMOST OVER!

In two weeks, you will read a comic that has it all! The Freedom Fighters travel into Robotropolis to assess the amount of damage done to their former city of Mobotropolis.

But what kind of surprises await them? Are they friendly or deadly? And what does Smerdy think of all this? You don't think he's just going to let them stroll in, do you? Also, **BIG Sonic** news revealed in this issue, so don't miss it!!! Story and art by Len Penders! **SONIC SUPER SPECIAL #2: "Brave New World"** on sale Sept. '97.

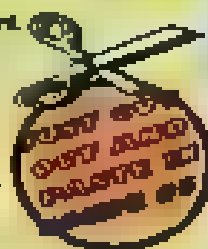

SONIC SUPER
SPECIAL #2
BRAVE NEW WORLD
ON SALE SEPTEMBER 1997

...And next month, two stories for the price of one! Is the "Freedom" Fighters handle recent events, Knuckles and Julie-Su come to town. For what purpose? Read and see for yourself. Written and inked by Len Penders. Pencils by Art Hawthorne. So you thought Robotnik being gone would be the end of the Freedom Fighters' problems? Not when you have people like Warlord Kodos and the 'supposed' creator of the Zone of Silence, wizard extraordinaire Iru Haugus, vying for control! Story by Karl Bollers with art by Sam Maxwell and Pam Eklund. **SONIC THE HEDGEHOG #53** on sale Sept. '97.

Due to an oversight, last issue ran without the credits, so here they are.

Dear Sonic Express,

I absolutely loved the return of Sonic The Last Bear in SONIC #43. I think you did a great job on the cover. Sonic looks great. Sonic was pretty slick trying to give the Garibito Garillas their own weaponry. As for KNUCKLES THE ECHIDNA mini-series, I can't wait to see how it turns out. I am a big fan of both Knuckles and Sonic, equally. Sonic just!

Michael "Napole" Lewis
Richards, IL

Sonic thanks you for your comments on his artwork. He aims to please. I got a kick working with Mobius again (even though I can't understand a word he's saying). I'm sure the Garillas and Mobius can live in peace in the Mobian jungle. Knuckles on the other hand (as far), is going through a lot of stuff in his book. He'll be taking a break and making a special visit in my book next issue.

Dear Sonic & Knuckles,

Salutations from your #1 fan! I love to bother you, but I have a few questions: 1) Why do you two suck other so much? 2) If Sally's a chipmunk, why is her father a bat? 3) Where did Echidnas come from? 4) What happened to you dad? by "DC" to talk for my friend Ray de Fox (he thinks he's cool).

Dustin Valdez
St. Augustine, FL

Salutations right back at 'cha. Believe me, questions are not a bother (Antoine's last name is): 1) Knuckles and I don't hate each other, we just kind of never saw eye to eye and we annoyed each other for it. But, after sticking by my side in issue #50, I think he's a righteous dude. 2) When said Sally's father, King Acorn was a fox? King Acorn is a squirrel and Sally's mom is a chipmunk, which makes Sally a little of both, I guess. 3&4) Check out Knuckles' own series for the answers to those questions.

Dear Sonic,

Hi, what's up! Just thought I'd write in and say "Hi" to everyone. I started my subscription for August. In SONIC #44, I'm sure and so thought it felt was the spy. I agree with him. I have some questions: 1) Why do you two hate Knuckles? He's one of the good guys, too, you know. I like him as much as I like you. 2) Why did you start that fight in SUPER SONIC VS. SUPER KNUCKLES Special #11? 3) Are there any you think were powerful than the Chaos Emerald? Buy up the good work!

Amanda Corcoran
Fort Meigs, IL

Welcome aboard the Sonic Express. We have welcoming new readers all the time (even if it was last August), so on to your questions: 1) Why does everyone think I hate Knuckles? I know we started on the wrong foot and got into a few scraps but I don't hate The Red Red. I'll make sure everyone knows it one day. 2) Well, I thought he was going to strike a deal with Robotnik like he did when we first met. He was tricked by Robotnik to fight us so I should have known he wasn't teaming with him again. Chalk one up to experience. 3) I don't know of anything more powerful on Mobius than a Chaos Emerald.

Dear Sonic,

Hey, mob-bies! Hedgehog! Robotnik's still up to no good! It figures. If you looked like him, you wouldn't exactly want to be a good guy! Anyway, I loved SONIC #44! It was almost as cool as you (and Tails) and I that tape and The Wallpuck Freedom Fighters. I appreciate Sonic and Daisy making an appearance but I'd really like to see Amy here again. Question time: 1) Will there be a Sonic mini-series? 2) Are you going to show other Freedom Fighters? 3) Are you going to reprint SONIC #13 & #25? Are you in those comics, unnamed? Send "Easy for" Sonic (Age 11) Miss

You're right. Looking like Robotnik would drive me to do bad. Rest assured, never will years truly ever sprout an orange mustache. It would hurt my style of behavior. Anyway, answer time: 1) No Sonic mini-series scheduled for the near future. 2) Yes. 3) No plans on reprinting SONIC #25, but you're in luck for SONIC #3, as well as SONIC #0, SONIC #4, and SONIC #13 in a special we're calling "SONIC THE HEDGEHOG: FIRSTS!" This special bookshelf addition will showcase the first appearances of Sonic and The Freedom Fighters (#0), Bunnie Rabbot (#0), Super Sonic (#4) and everyone's favorite guardian, Knuckles The Echidna (#13). Look for it in local shops by the end of September. More about this next month.
